- The current state in the Iran-Iraq war,
- Likely Iran reactions to an Iraqi use of CW, and
- The status of the Super Etendards.

2. This book includes:

- Talking Points on the Iran-Iraq War. It addresses the state of the war and what we know of the Super Etendards. It has not addressed a possible Iraqi use of CW; this is addressed in a separate paper (see next tic).
- DDI Memo: Iran's Likely Reaction to Iraqi Use of CW. This paper was prepared per Bud McFarlane's request and is to be delivered to McFarlane [redacted] tomorrow morning.
- Blind Memos on the background of the attack on the Marines, targeting information, and formulating a response. These were prepared by DDO/NE and have been passed to Defense.
- DDI Memo on Responsibility for the Bombings in Beirut and Tyre. This memo was prepared at the request of Vice President Bush and will be passed to him tomorrow morning [redacted]
- State Discussion Paper prepared by the SIG for NSC consideration for use at the NSPG.
- Fuller Memo on a US Policy for Lebanon.
